

PARK NEWS & UPDATES

Arbor Day 2007

On Saturday, April 28, approximately 45 volunteers planted over 400 native trees and shrubs in Juel Park, an area relatively void of vegetation and regenerating trees. This is a great improvement to the southern portion of this 40 acre property. Thank you everyone for your hard work.

Planting a tree requires teamwork.

Volunteers "checking-in" for work.

National Trails Day

Rain downpours on Saturday, June 9th did not dampen the spirits of the participants as they celebrated National Trails Day with the official opening of the Bear Creek Trail at Bear Creek Park, funded in partnership with the Washington Wildlife and Recreation Program (WWRP).

After all the dedication was completed, Mayor Ives cut the ribbon and everyone walked and enjoyed the .29 mi. Bear Creek Trail at Bear Creek Park.

Thank you to everyone for their work in giving the Redmond community another opportunity to enjoy nature. If you have not walked, rode or strolled the trail please do so, it's wonderful!
